

# Ab-initio spin and time-resolved ARPES in real materials with QED-TDDFT: driving WSe<sub>2</sub> out of equilibrium

*Thursday, 11 May 2017 11:30 (1:00)*

## Content

## Summary

**Presenter(s) :** ANGEL RUBIO (MPI for the Structure and Dynamics of Matter, and UPV/EHU)

**Session Classification :** MANY-BODY PERTURBATION THEORY AND TIME-DEPENDENT DENSITY FUNCTIONAL THEORY
