# Conference on Weyl Fermions in Materials | (smr 3157)

## Thursday 26 October 2017

### Thursday, 26 September: Session 1 - Giambiagi Lecture Hall (AGH) (09:00-10:40)

- Conveners: Michael Fuhrer

time	title	presenter
09:00	Spontaneous Ferroelectric Distortion Driven Weyl Semimetal in Oxide HgPbO <sub>3</sub>	WENG, Hongming
09:45	Large optical conductivity of Dirac semimetal Fermi arc surfaces states	SHI, Likun
10:10	Coffee break
