

International Conference on Multi-Condensate Superconductivity and
Superfluidity in Solids and Ultra-cold Gases | (smr 3204)

Contribution ID : 23

Type : **not specified**

Phase Profiles and Dynamical Coupling of Binary Ultracold Atomic Mixtures

Wednesday, 16 May 2018 11:50 (0:30)

Content

Summary

Presenter(s) : PROUKAKIS, Nick (University of New Castle, School of Mathematics, Statistics and Physics, Newcastle Upon Tyne, U.K.)

Session Classification : Session VIII - Emergent Phenomena in Multicomponent Ultracold Gases
