

International Conference on Multi-Condensate Superconductivity and
Superfluidity in Solids and Ultra-cold Gases | (smr 3204)

Contribution ID : 5

Type : **not specified**

Anomalous Dimensions for Conserved Currents and Extra Dimensions in the Strange Metal?

Monday, 14 May 2018 17:50 (0:30)

Content

Summary

Presenter(s) : PHILLIPS, Philip (Dept. of Physics, University of Illinois at Urbana Champaign, Urbana IL, U.S.A.)

Session Classification : Session II - Emerging Orders in Multicomponent Systems
