

The Evolution from BCS to BEC Superfluidity in Multiband Systems: Applications to Two-band Superconductors and Ultra-cold Fermi Gases

Tuesday, 15 May 2018 09:00 (0:40)

Content

Summary

Presenter(s) : SA DE MELO, Carlos A. R. (Georgia Institute of Technology, School of Physics, Atlanta GA, U.S.A.)

Session Classification : Session III - Phenomena at BCS-BEC Crossover
