# Workshop on Ubiquitous Quantum Physics: the New Quantum Revolution | (smr 3371)

## Friday 01 March 2019

- Budinich Lecture Hall (LB) (09:00-14:00)

time	title	presenter
09:00	Decondensation and slow equilibration of photonic condensates	F. MINTERT
09:45	Disorder and long-range interactions in many-body cavity quantum electrodynamics	G. MORIGI
10:30	Coffee Break	
11:00	Old and new results in quantum estimation theory	M. PARIS
11:45	Are almost-symmetries almost linear?	J. CUESTA
12:30	Lunch Break
