# Fifth Workshop on Water Resources in Developing Countries: Hydroclimate Modeling and Analysis Tools | (smr 3294)

## Wednesday 05 June 2019

**notitle - Kastler Lecture Hall (AGH) (09:30-17:00)**

time	title	presenter
09:30	Participants presentation	
	- Simulation-Optimization Model of a Multi-Purpose Reservoir for Water Allocation and Irrigation Scheduling Under Diverse Hydrological Conditions	NABIZADEH, Alireza
	- Process-oriented assessment of RCA4 regional climate model projections over the Congo Basin under 1.5°C and 2°C global warming levels: influence of regional moisture fluxes	TAMOFFO TCHIO, Alain
	- Influence of double CO2 on water budget over West Africa	ADENIYI, Mojisola
	- Assessment of the catchment flow variability in the Teesta Dikchu watershed in Sikkim India	TIMSINA, Kausila
10:30	coffee break	
11:00	Lab session on CHyM hydrological modelling	FANTINI ADRIANO / DI SANTE FABIO
12:30	lunch break	
14:00	Lab session on CHyM hydrological modelling	
15:30	coffee break	
16:00	Lab session on CHyM hydrological modelling
