

Workshop on NeQuick Ionospheric Electron Density Model: Latest
Developments and New Implementations | (smr 3328)

Contribution ID : 35

Type : **not specified**

**On the better performance of the NeQuick-2 model
than IRI-Plas 2017 model in Nigeria within the
equatorial ionospheric anomaly region**

Tuesday, 8 October 2019 17:25 (0:20)

Content

Summary

Presenter(s) : A. A. AKERELE ET AL. (NASRDA Center for Atmospheric Research, Nigeria)

Session Classification : NeQuick validation (Cont.) (Chairperson: P. Coïsson)
