

DARK SIDE OF THE UNIVERSE

16th International Conference

13 - 17 July 2020

ICTP-EAIFR, Kigali, Rwanda

A series of international workshops in cosmology and astroparticle physics bringing together theorists and experimentalists.

WEBPAGE: EAIFR.ORG/EVENTS/DSU-2020/

ICTP-EAIFR is supported by the University of Rwanda and the Rwandan Ministry of Education

TOPICS INCLUDE:

- dark matter
- dark energy
- cosmic rays
- neutrino physics
- large-scale structure
- black holes
- gravitational waves
- physics beyond the standard model

Organisers:

- Paolo Creminelli, ICTP, Trieste
- Joern Kersten, Bergen U
- Roy Maartens, UWC, South Africa & Portsmouth
- Shoaib Munir, ICTP-EAIFR
- Marcello Musso, ICTP-EAIFR
- Riccardo Sturani, IIP, Brazil
- Filippo Vernizzi, IPhT, Saclay
- Gabrijela Zaharijas, Nova Gorica U
