Joint ICTP-IAEA International School on Radioactive Waste Cementation | (smr 3484)

Wednesday 28 October 2020

Technological approaches of waste cementation - Online (10:00-13:15)

time	title	presenter
10:00	Grout composition for large structures - Part 1	LANGTON, Christine
10:45	Cement encapsulation of radioactive scale NORM waste from oil industry - Part 1	OJOVAN, Michael I.
11:30	Break	
11:45	Examples of cementation matrices designed for sludges (PC, M-S-H, alkaliactivated) - Part 1	PROVIS, John
12:30	Improving radionuclide retention in MKP cementitious waste forms by phase manipulation	NELWAMONDO, Swikisani Mudanalwo Mualusi
