Joint ICTP-IAEA International School on Radioactive Waste Cementation | (smr 3484)

Tuesday 17 November 2020

Formulation and characterization of cement-based matrices. Potential of alternative binders.

- Online (10:00-13:15)

time	title	presenter
10:00	Different cement-waste interactions - Part 2	CAU DIT COUMES, Celine
10:45	Formulation and characterization of cement-based matrices - Part 2	VARLAKOV, Andrey P.
11:30	Break	
11:45	Potential of alternative binders (for the conditioning of deleterious wastes) - Part 2	CAU DIT COUMES, Celine
12:30	Potential of alternative binders (alkali-activated binders, phosphate binders) - Part 2	RAKHIMOVA, Nailia
