Workshop on Indian Ocean Variability and Teleconnections | (smr 3592)

Monday 15 March 2021

Observations and diagnostics of Indian Ocean variability - Online (09:30-13:30)

time	title	presenter
09:30	Welcome Remarks	FRED KUCHARSKI FRANCO MOLteni
09:40	Understanding the role of the Indian Ocean in climate variability: an ocean reanalyses perspective	MAGDALENA ALONSO BALMASEDA
10:25	A review of Indian Ocean decadal variability	WEIQING HAN
10:45	Southern Ocean as predictor for the IOD	KARUMURI ASHOK
11:05	Break	
11:20	Multi-decadal modulations of the Indian Ocean-ENSO-Atlantic relationship: Implications to the Arabian climate	IN-SIK KANG
11:40	Impacts of multi-decadal Indo-Pacific variability on the Indian Ocean Dipole and regional hydroclimate	CAROLINE UMMENHOFER
12:00	Indian Ocean warming as a driver of the North Atlantic warming hole	SHINENG HU
12:20	Lunch Break
