

Fluorous, Ion-containing Block Copolymers: Model Polymers for Investigating the Role of Morphology on Proton Conduction

Tuesday, 22 May 2007 14:30 (0:30)

Content

Summary

Primary author(s) : STEVEN HOLDCROFT (Simon Fraser University, Burnaby, Canada)

Presenter(s) : STEVEN HOLDCROFT (Simon Fraser University, Burnaby, Canada)

Session Classification : Fluorous, Ion-containing Block Copolymers: Model Polymers for Investigating the Role of Morphology on Proton Conduction
