

From Microstructure Formation to Performance of PEFC Cathode Catalyst Layers: Insights for Advanced Design

Thursday, 24 May 2007 11:00 (0:30)

Content

Summary

Primary author(s) : MICHAEL EIKERLING (Simon Fraser University and NRC Institute for Fuel Cell Innovation)

Presenter(s) : MICHAEL EIKERLING (Simon Fraser University and NRC Institute for Fuel Cell Innovation)

Session Classification : From Microstructure Formation to Performance of PEFC Cathode Catalyst Layers: Insights for Advanced Design
