Characterization and Basic Understanding of Radiation Damage  
Mechanisms in Materials | (smr 2137)

Contribution ID : 28

Type : **not specified**

## Atomistic simulation of a swift ion track development in a model Ni-Al alloy

*Friday, 16 April 2010 14:00 (1:00)*

### Content

### Summary

**Primary author(s)** : N. LAZAREV (Akhiezer Institute for Theoretical Physics, Kharkov, Ukraine)

**Presenter(s)** : N. LAZAREV (Akhiezer Institute for Theoretical Physics, Kharkov, Ukraine)

**Session Classification** : Atomistic simulation of a swift ion track development in a model Ni-Al alloy
