# Workshop on Dynamics of Strongly Correlated Quantum Systems | (smr 2151)

## Monday 21 June 2010

**Landau-Zener problem in many body systems: applications to cold atoms, cavity QED and superconductivity - Adriatico Guest House Kastler Lecture Hall (11:15-12:00)**

| time  | title                                                                                                   | presenter      |
|-------|---------------------------------------------------------------------------------------------------------|----------------|
| 11:15 | Landau-Zener problem in many body systems: applications to cold atoms, cavity QED and superconductivity | VICTOR GURARIE |
