Workshop on Nano-Opto-Electro-Mechanical Systems Approaching the Quantum Regime | (smr 2164)

Contribution ID: 20 Type: not specified

Fluctuation-induced switching and power spectra of modulated quantum oscillators

Tuesday, 7 September 2010 14:40 (0:40)

Content

Summary

Primary author(s): MARK DYKMAN (Michigan State University, U.S.A.)

Presenter(s): MARK DYKMAN (Michigan State University, U.S.A.)

Session Classification: Fluctuation-induced switching and power spectra of modulated quantum

oscillators
