

Workshop on Nano-Opto-Electro-Mechanical Systems Approaching the
Quantum Regime | (smr 2164)

Contribution ID : 41

Type : **not specified**

Quantum mechanical interface for opto-electronics

Friday, 10 September 2010 09:40 (0:40)

Content

Summary

Primary author(s) : E.S. POLZIK (Copenhagen University, Denmark)

Presenter(s) : E.S. POLZIK (Copenhagen University, Denmark)

Session Classification : Quantum mechanical interface for opto-electronics
