Special Training Programme on Installing and Using High Performance Clusters | (smr 2121)

Thursday 04 June 2009

Lab: installing tools for HPC on your workstation (11:00-12:30)

Compilers, modules and libraries

references:

for compilers:

<http://www.democritos.it/hpc-wiki/index.php/Main/InstallingTheGNUPGIAndIntelCompilerPackages>

for libraries: (to be checked)

<http://www.democritos.it/hpc-wiki/index.php/Main/ComparePerformancesOfDifferentOptimizedLibrariesOnMatrixMulti>

-We need to add how to install modules and how to create modules
