

**Canonical metrics on projective algebraic varieties.  
A variational approach to degenerate complex  
Monge-Ampere equations. Uniform a priori  
estimates.**

*Monday, 25 June 2012 10:00 (3:00)*

**Content**

**Summary**

**Primary author(s) :** V. GUEDJ (Paul Sabatier University, Toulouse, France)

**Presenter(s) :** V. GUEDJ (Paul Sabatier University, Toulouse, France)

**Session Classification :** Canonical metrics on projective algebraic varieties. A variational approach to degenerate complex Monge-Ampere equations. Uniform a priori estimates.
