

# Application of molecular dynamics and long time scale atomistic methods to radiation simulations in non-metallic condensed matter

*Thursday, 23 August 2012 15:00 (1:00)*

## Content

## Summary

**Primary author(s) :** ROGER SMITH (University of Technology, Loughborough - United Kingdom)

**Presenter(s) :** ROGER SMITH (University of Technology, Loughborough - United Kingdom)

**Session Classification :** Application of molecular dynamics and long time scale atomistic methods to radiation simulations in non-metallic condensed matter
