

# A new generation of density-functional methods based on the adiabatic-connection dissipation-fluctuation theorem

*Saturday, 12 January 2013 10:30 (0:30)*

## Content

## Summary

**Primary author(s) :** ANDREAS GÖRLING (University of Erlangen-Nürnberg, Germany)

**Presenter(s) :** ANDREAS GÖRLING (University of Erlangen-Nürnberg, Germany)

**Session Classification :** A new generation of density-functional methods based on the adiabatic-connection dissipation-fluctuation theorem
