

Workshop on High Performance Computing (HPC) Architecture and
Applications in the ICTP | (smr 2494)

Contribution ID : 22

Type : **not specified**

Overview of high speed devices/networks for HPC clusters

Thursday, 17 October 2013 09:00 (0:45)

Content

Summary

Primary author(s) : S. COZZINI (SISSA /CNR Democritos Simulation Center (Trieste))

Presenter(s) : S. COZZINI (SISSA /CNR Democritos Simulation Center (Trieste))

Session Classification : Overview of high speed devices/networks for HPC clusters
