Workshop on Frontiers in Excited State Electronic Structure Methods: from Spectroscopy to Photochemistry | (smr 3836)

Tuesday 16 May 2023

notitle - Kastler Lecture Hall (AGH) (14:15-17:45)

Chair: Uriel MORZAN, ICTP, Italy

time	title	presenter
14:15	Photochemistry from a theoretical and computational perspective	BASILE CURCHOD
15:15	Break	
15:30	Absorption and hot carrier recombination in van der Waals Materials	ALEXANDRE REILY ROCHA
16:30	Coffee break	
16:45	Coupled Electronic-Structural Dynamics with Local Decay-of-Mixing	LUIS GUILHERME CARVALHO REGO
