

**Joint ICTP-IAEA Workshop on Accounting for Climate in Vector-borne
Disease Intervention Planning Including the Sterile Insect Technique (SIT) |
(smr 3838)**

Contribution ID : 23

Type : **not specified**

**Round Table: needs, barriers and ways forward to
model the risk of climate sensitive diseases and the
impact of control methods**

Wednesday, 24 May 2023 16:00 (1:00)

Content

Moderators: Jeremy BOUYER (IAEA, Austria), Cyril CAMINADE (ICTP, Italy)

Topics to be discussed and activities: Data needed to improve current dynamical vector and SIT models? Harmonization of entomological data? Multi-disciplinary training and capacity building (One Health)? SWOT analysis about state of the art early warning systems for disease risk prediction

Summary

Session Classification : not yet classified
