

# High-energy particle precipitation associated with electromagnetic ion cyclotron waves and its consequences on the atmosphere

*Thursday, 1 June 2023 10:45 (0:15)*

## Content

12 min presentation + 3 min discussion

## Summary

**Presenter(s) :** KAZUO SHIOKAWA (Nagoya University, Japan)

**Session Classification :** SESSION 5. Solar forcing specification and impacts on the atmosphere and climate <br>SESSION 6. Precipitating energetic particles and their effects on atmosphere <br>SESSION 7. Predictability of the solar cycle
