

# Machine Learning based ionospheric forecasting for space weather: comparisons and considerations for operative implementation.

*Friday, 2 June 2023 12:00 (0:15)*

## Content

12 min presentation + 3 min discussion

## Summary

**Presenter(s)** : MARIA GRACIELA MOLINA (Facultad de Ciencias Exactas y Tecnología (FACET), Universidad Nacional de Tucuman (UNT), Argentina)

**Session Classification** : SESSION 3. Effect of Space Weather on the Earth's ionosphere, thermosphere, and magnetosphere system
