

What Every Physicist Should Know About String Theory

Wednesday, 7 June 2023 14:00 (2:00)

Content

Abstract : Prof. Witten will explain in nontechnical language how string theory generalizes quantum field theory while eliminating the ultraviolet divergences and the ability to adjust coupling constants in an arbitrary fashion.

The Colloquium will be livestreamed at the following link: <https://www.youtube.com/watch?v=5m4PgjlswfQ>

Summary

Presenter(s) : EDWARD WITTEN (Institute for Advanced Study, USA)

Session Classification : notitle
