Workshop on Dynamics of Monitored Quantum Many-Body Systems | (smr 3868)

Thursday 24 August 2023

- Giambiagi Lecture Hall (AGH) (09:10-16:50)

| time | title | presenter |
|-------|---|---------------------|
| 09:10 | Majorana Loops and Quantum Circuits | MICHAEL BUCHHOLD |
| 09:50 | Topological transitions driven by continuous measurements | DGANIT MEIDAN |
| 10:30 | Coffee break | |
| 11:00 | Theory of free fermions under random projective measurements | IHOR POBOIKO |
| 11:40 | Disordered monitored free fermions | MARCIN SZYNISZEWSKI |
| 12:20 | Lunch break | |
| 15:00 | Many-body quantum chaos, spectral form factor, and Ginibre ensemble | AMOS CHAN |
| 15:40 | Many-body quantum chaos with randomized measurements | LATA KHARKWAL JOSHI |
| 16:20 | Coffee | |
