3rd Workshop on Cloud Organisation and Precipitation Extremes - WCO3 | (smr 3870)

Tuesday 05 September 2023

Convective Self-Aggregation pt. I - Kastler Lecture Hall (AGH) (09:00-11:00)

time	title	presenter
09:00	Influence of the organization of deep convection on the radiation budget and precipitation extremes in the tropics	ADDISU GEZAHEGN SEMIE
09:30	Observational study of the coupling between deep convection, clear sky regions and mesoscale circulations in the ITCZ	BASILE POUJOL
09:45	The Unreasonable Efficiency of Total Rain Evaporation Removal in Triggering Convective Self-Aggregation	YI-LING HWONG
10:00	Self-Organization of tropical convection: Role of the Free Convection Distance	ALEJANDRO CASALLAS GARCIA
10:15	Discussion	
10:30	Coffee break
