Joint ICTP-IAEA Workshop on Degradation Modelling of Disposed Radioactive Wasteforms | (smr 3875)

Monday 18 September 2023

Introduction to Waste Forms, Degradation, and Management - Budinich Lecture Hall (LB) (09:00-17:00)

time	title	presenter
09:00	Opening & welcome	NICOLA SERIANI
09:15	Introduction & background (administrative)	WILLIE MEYER
09:30	Introduction to waste forms, and waste packages	MICHAEL OJOVAN
10:20	Group photo & Coffee break	
10:40	Ageing management planning	WILLIE MEYER
11:10	Monitoring to identify degradation (ageing)	MICHAEL OJOVAN
12:00	Overview of Storage and Disposal Facilities	MICHAEL OJOVAN
13:00	Lunch break	
14:05	Storage and disposal conditions: Influence of environmental conditions on metal containers during storage	WILLIE MEYER
14:35	Storage and disposal conditions: Influence of environmental conditions on polymer containers for liquids during storage	WILLIE MEYER
15:05	Storage and disposal conditions: Influence of environmental conditions on cement containers during storage (incl. video)	WILLIE MEYER
15:35	Coffee break	
15:50	Participant Pico presentations
