# ICTP-SCOSTEP-ISWI Workshop on the Predictability of the Solar-Terrestrial Coupling - PRESTO | (smr 3898)

## Friday 02 June 2023

**SESSION 3. Effect of Space Weather on the Earth's ionosphere, thermosphere, and magnetosphere system - Budinich Lecture Hall (LB) (13:45-15:15)**

***SESSION 3 Organisers: Duggirala PALLAMRAJU (Physical Research Laboratory, India), Loren CHANG, and Nicholas PEDATELLA (National Center for Atmospheric Research, USA)***

***Chair: Kazuo SHIOKAWA (Nagoya University, Japan)***

time	title	presenter
13:45	Kazakhstan's Space Weather Diagnostics and Prediction Center	BOTAKOZ SEIFULLINA
14:00	Ionospheric weather at two Starlink launches during two-phase geomagnetic storms	TAMARA GULYAEVA
14:15	Solar wind and its influence on the Brazilian low-latitude ionosphere: recent findings & challenges	CLAUDIA MARIA NICOLI CANDIDO
14:30	A Neural Network Model for Ionospheric Scintillation Prediction over Egypt	HAGER AWAD
14:45	Coffee Break
