

ICTP-SCOSTEP-ISWI Workshop on the Predictability of the Solar-Terrestrial Coupling - PRESTO | (smr 3898)

Contribution ID : **44**

Type : **not specified**

Spatio-temporal influence of solar activity on global air temperature

Wednesday, 31 May 2023 12:20 (0:15)

Content

12 min presentation + 3 min discussion

Summary

Presenter(s) : SAMUEL TOLUWALOPE OGUNJO (Federal University of Technology, Nigeria)

Session Classification : SESSION 5. Solar forcing specification and impacts on the atmosphere and climate
