African Biophysics Workshop on Experimental and Computational Sciences | (smr 3973)

Tuesday 10 December 2024

notitle - (08:00-20:00)

time	title	presenter
08:00	Computational investigations for the design of a Multimodal Innovative Theranostic Nanosystem (MITHOS)	JULIA BLANDINE BASSILA
08:30	Resveratrol interaction with model membrane system: an AFM Study	MARCELINA MARIENGA OGEDJO
09:00	The physicochemical landscape of extracellular vesicles	MAURO MANNO
09:45	Coffee break	
10:15	Extracellular vesicles as drug delivery systems: examples and techniques	MAURO MANNO
12:15	Lunch break & Poster session	
13:30	Opening the black box of molecular simulations	ALESSANDRO LAIO
15:30	Coffee break	
16:00	Opening the black box of molecular simulations	ALESSANDRO LAIO
18:00	Dinner
