

## Session 6 - Global Initiatives

*Monday, 27 May 2024 16:10 (0:50)*

### Content

Moderator: Sandro SCANDOLO (ICTP)

Synopsis This session will present new international initiatives (EuroHPC, ICTP's Consortium, AI Alliance, MOC Alliance), focused on HPC, AI, and cloud development, aiming to provide global and inclusive access to HPC and cloud technologies for scientific computing, together with the educational tools necessary to use these technologies effectively. This is a necessary action to address the computational needs of scientific communities working in less-developed regions of the world.

### Summary

**Presenter(s) :** SARA BONELLA (CECAM), ALESSANDRO CURIONI (IBM & AI ALLIANCE), ALESSIA D'ORAZIO (NATIONAL HPC, BIG DATA E QUANTUM COMPUTING RESEARCH CENTRE, ICSC), ELISA MOLINARI (UNIVERSITY OF MODENA AND MAX CENTER OF EXCELLENCE), KINGSLEY OBODO (EAI FR, RWANDA), JON STUMPF (MASS OPEN CLOUD ALLIANCE)
