

Dr. Callen-Kovtunova joined the International Atomic Energy Agency (IAEA) as an Energy Planner/Economist in February, supporting energy planning and developing the IAEA's FinPlan model. Previously, she was an Energy Project Officer at the International Institute for Applied Systems Analysis (IIASA), contributing to research on national climate policies and the IPCC Special Report on Global Warming of 1.5°C. She also worked at the IAEA from 2011 to 2015 in the Department of Nuclear Safety and Security.
