22nd International Workshop on Computational Physics and Materials Science: Total Energy and Force Methods | (smr 4050)

Thursday 09 January 2025

Electron-Phonon Coupling - Budinich Lecture Hall (LB) (09:10-11:10)

time	title	presenter
09:10	Ab initio modeling of superconductivity in materials with the anisotropic Migdal-Eliashberg formalism	MARGINE, Roxane
09:40	Theory of non-linear electron-phonon coupling and its first-principles implementation	BIANCO, Raffaello
10:10	Lattice dynamics in systems with broken time-reversal symmetry	STENGEL, Massimiliano
10:40	Coffee break
