--------------------------------	---

22nd International Workshop on Computational Physics and Materials Science: Total Energy and Force Methods | (smr 4050)

Thursday 09 January 2025

Quantum Computing: Applications and Materials Platforms - Budinich Lecture Hall (LB)
(11:10-12:10)

time	title	presenter
11:10	Neural quantum states for many-body electronic structure and dynamics	CARLEO, Giuseppe
11:40	Electronic structure and coherent states of spin defects in solids and molecules	GALLI, Giulia
