Advanced School on High-Performance Computing and Applied AI for High-Resolution Regional Climate Modeling | (smr 4054)

Wednesday 17 September 2025

notitle - Room 107 - The College of Computing (10:00-18:30)

time	title	presenter
10:00	Climate services from climate model data	JEROME SERVONNAT
11:30	Coffee break	
12:00	Intro to CP simulations	ERIKA COPPOLA (ICTP), FRANCESCA RAFFAELE (OGS)
13:00	Assessment of the climate change impact on the discharge of the Italian river network using Convection Permitting climate models	LUIZA VARGAS
13:30	Lunch	
15:00	Application to hydrology (Climate modeling + bias correction + hdrological modeling)	YVES TRAMBLAY
15:45	RegCM lab	GRAZIANO GIULIANI
16:30	Coffee break	
17:00	RegCM lab	GRAZIANO GIULIANI
