# Joint ICTP-IAEA-MAMBA School on Materials Irradiation: from Basics to Applications | (smr 4055)

## Tuesday 18 February 2025

- Giambiagi Lecture Hall (AGH) (09:00-16:45)

time	title	presenter
09:00	Electrical characterisation of defects in semiconductors - DLTS and related techniques	WALTER MEYER
10:30	Coffee Break	
11:00	Defect modeling in semiconductors: bridging ab initio calculations and experiment	GABRIELA HERRERO SABOYA
12:30	Lunch Break	
14:00	Particle beam Radiation Biophysics: from the nanoscale to therapy	EMANUELE SCIFONI
15:30	Coffee Break	
16:00	Participants talks
