# Energy Modelling Platform - Joint Global Training School | (smr 4091)

## Monday 21 July 2025

### Introduction to CLEWs - Budinich Lecture Hall (LB) (09:00-17:00)

- *The 21-25 July Week focuses firstly on the third & fourth worksheets on Water and Interlinkages*
- *Scenario development begins this week, firstly creating and discussing ideas, before beginning scenario modelling towards the end of the week*
- *The 28-31 July Week should focus on final scenario development. It should then solely focus on report and presentation creation*
- *You will have ample time for discussion and presentation practice for feedback*

time	title	presenter
