

## 12th Workshop on the Theory and Use of Regional Climate Models | (SMR 4096)

25 Aug 2025 - 05 Sep 2025  
ICTP, Italy

### 6 Directors

|                                      |            |                                                    |                                  |
|--------------------------------------|------------|----------------------------------------------------|----------------------------------|
| 1. <b>ASHFAQ Moetasim</b>            | (In Pers.) | Oak Ridge National Laboratory                      | United States of America         |
| 2. <b>CAVAZOS PEREZ Maria Tereza</b> | (In Pers.) | CICESE                                             | Mexico                           |
| 3. <b>COPPOLA Erika</b>              | (In Pers.) | ICTP                                               | Italy                            |
| 4. <b>GAO Xuejie</b>                 | (In Pers.) | IAP - CAS                                          | China                            |
| 5. <b>GIULIANI Graziano</b>          | (In Pers.) | ICTP - University of Trieste                       | Italy                            |
| 6. <b>IM Eun Soon</b>                | (In Pers.) | The Hong Kong University of Science and Technology | China, Hong Kong Special Adminis |

### 16 Speakers

|                                           |            |                                                                                                                                                            |        |
|-------------------------------------------|------------|------------------------------------------------------------------------------------------------------------------------------------------------------------|--------|
| 1. <b>BLASONE Valentina</b>               | (In Pers.) | Department of Mathematics, Informatics and Geosciences, University of Trieste                                                                              | Italy  |
| 2. <b>CHAKRABORTY Tapajyoti</b>           | (In Pers.) | Abdus Salam International Centre for Theoretical Physics Earth System Physics Section                                                                      | Italy  |
| 3. <b>CIARLO M James M</b>                | (In Pers.) | Institute of Earth Systems, University of Malta                                                                                                            | Malta  |
| 4. <b>DA SILVA Leidinice Maria</b>        | (In Pers.) | The Abdus Salam International Centre for Theoretical Physics                                                                                               | Italy  |
| 5. <b>DE LEEUW Johannes</b>               | (In Pers.) | ICTP                                                                                                                                                       | Italy  |
