Conference on Volcanic Processes: a Variety of Length and Time Scales | (smr 4097)

Tuesday 02 September 2025

Seismic and Deformation signals from a volcano - (13:45-21:00)

time	title	presenter
13:45	Tracking Magma in a Rift: InSAR and Seismicity of the 2024–2025 Fentale Diking Episode	CAROLINA PAGLI
14:45	Challenges of Disaster Risk Management (DRM) in the East African Rift System: lessons learnt from the recent Fentale-Dofen volcano seismic crisis	ATALAY AYELE
15:30	Coffee Break	
16:00	Resolving traction changes on fractures	VALERIE CAYOL
16:45	Seismicity and ground motion at volcanic systems of geothermal interest: examples from Tulu Moye and Dallol in Ethiopia	KEIR DEREK
17:30	Movie: "Fireball"	
19:10	Social Dinner
