

**Conference on Frontiers in Atomistic Simulations: from Physics to Chemistry and Biology | (SMR 4098)**

08 Sep 2025 - 12 Sep 2025  
ICTP, Italy

**13 Directors**

|                                    |            |                                 |                          |
|------------------------------------|------------|---------------------------------|--------------------------|
| 1. <b>BUSSI Giovanni</b>           | (In Pers.) | SISSA                           | Italy                    |
| 2. <b>CARLONI Paolo</b>            | (In Pers.) | FZJ                             | Germany                  |
| 3. <b>CURIONI Alessandro</b>       | (In Pers.) | IBM Research, Zurich            | Switzerland              |
| 4. <b>DE VIVO Marco</b>            | (In Pers.) | Istituto Italiano di Tecnologia | Italy                    |
| 5. <b>GALLI GYGI Giulia</b>        | (In Pers.) | The University of Chicago       | United States of America |
| 6. <b>GERVASIO Francesco Luigi</b> | (In Pers.) | University of Geneva            | Switzerland              |
| 7. <b>GONG Xingao</b>              | (In Pers.) | Fudan University                | China                    |
| 8. <b>HASSANALI Ali</b>            | (In Pers.) | ICTP                            | Italy                    |
| 9. <b>LAIO Alessandro</b>          | (In Pers.) | SISSA                           | Italy                    |
| 10. <b>LIMONGELLI Vittorio</b>     | (In Pers.) | USI, Lugano                     | -                        |
| 11. <b>PARRINELLO Michele</b>      | (In Pers.) | ETHZ                            | Switzerland              |
| 12. <b>ROVIRA Carme</b>            | (In Pers.) | University of Barcelona         | Spain                    |
| 13. <b>TOSATTI Erio</b>            | (In Pers.) | ICTP, SISSA                     | Italy                    |

**48 Speakers**

|                                            |            |                                                                         |                                                      |
|--------------------------------------------|------------|-------------------------------------------------------------------------|------------------------------------------------------|
| 1. <b>ALAVI-SHOVISHTARI Seyed Ali</b>      | (In Pers.) | Max Planck Institute for Solid State Research                           | Germany                                              |
| 2. <b>ANDREONI Wanda</b>                   | (In Pers.) | Ecole Polytechnique Federale de Lausanne (EPFL)<br>Institute of Physics | Switzerland                                          |
| 3. <b>ANSARI Narjes</b>                    | (In Pers.) | Istituto Italiano di Tecnologia                                         | Italy                                                |
| 4. <b>BARDUCCI Alessandro</b>              | (In Pers.) | CNRS                                                                    | France                                               |
| 5. <b>BARONI Stefano</b>                   | (In Pers.) | SISSA                                                                   | Italy                                                |
| 6. <b>BERNASCONI Marco</b>                 | (In Pers.) | University of Milano-Bicocca Department of Materials<br>Science         | Italy                                                |
| 7. <b>BONATI Luigi</b>                     | (In Pers.) | Istituto Italiano di Tecnologia                                         | Italy                                                |
| 8. <b>BONOMI Massimiliano</b>              | (In Pers.) | Institut Pasteur - CNRS                                                 | France                                               |
| 9. <b>CAR Roberto</b>                      | (In Pers.) | Princeton University Department of Chemistry                            | United States of America                             |
| 10. <b>CAVALLI Andrea</b>                  | (In Pers.) | CECAM, EPFL                                                             | Switzerland                                          |
| 11. <b>CECCARELLI Matteo</b>               | (In Pers.) | Università di Cagliari                                                  | Italy                                                |
| 12. <b>CERIOTTI Michele</b>                | (In Pers.) | Swiss Federal Institutes of Technology Lausanne<br>(EPFL)               | Switzerland                                          |
| 13. <b>DEBNATH Jayashrita</b>              | (In Pers.) | Max Planck Institute of Biophysics                                      | Germany                                              |
| 14. <b>DELLAGO Cristoph Hans Hermann</b>   | (In Pers.) | University of Vienna                                                    | Austria                                              |
| 15. <b>DEVERGNE Timothee Henri Antoine</b> | (In Pers.) | Istituto Italiano di Tecnologia                                         | Italy                                                |
| 16. <b>DONADIO Davide</b>                  | (In Pers.) | UC Davis                                                                | United States of America                             |
| 17. <b>GAGLIARDI Laura</b>                 | (In Pers.) | University of Chicago                                                   | -                                                    |
| 18. <b>GLEZAKOU Vassiliki-Alexandra</b>    | (In Pers.) | Oak Ridge National Laboratory                                           | United States of America                             |
| 19. <b>HIRSHBERG Barak</b>                 | (In Pers.) | Tel Aviv University                                                     | Israel                                               |
| 20. <b>KARMAKAR Tarak</b>                  | (In Pers.) | Indian Institute of Technology Delhi                                    | India                                                |
| 21. <b>KLEIN Michael Lawrence</b>          | (In Pers.) | Temple University Institute of Computational<br>Molecular Science       | United States of America                             |
| 22. <b>LIU Zhipan</b>                      | (In Pers.) | Fudan University Department of Chemistry                                | China                                                |
| 23. <b>MARTONAK Roman</b>                  | (In Pers.) | Comenius University in Bratislava Department of<br>Experimental Physics | Slovakia                                             |
| 24. <b>METTA Giorgio</b>                   | (In Pers.) | IIT                                                                     | Italy                                                |
| 25. <b>MOLTENI Carla</b>                   | (In Pers.) | King's College London Physics Department                                | United Kingdom of Great Britain and Northern Ireland |
| 26. <b>MUNDY Chris</b>                     | (In Pers.) | Pacific Northwest National Laboratory                                   | -                                                    |
| 27. <b>NIU Haiyang</b>                     | (In Pers.) | Northwestern Polytechnical University                                   | China                                                |

|     |                                |            |                                                                                                               |                                    |
|-----|--------------------------------|------------|---------------------------------------------------------------------------------------------------------------|------------------------------------|
| 28. | <b>PARRINELLO Simona</b>       | (In Pers.) | University College London                                                                                     | United Kingdom of Great Britain an |
