WCO5 - 5th Workshop on Convective Organization | (smr 4191)

Wednesday 11 March 2026

Cold Pools - (17:30-21:00)

time	title	presenter
17:30	Convective Organization through the Lens of the NASA INCUS Mission	SUSAN VAN DEN HEEVER
18:00	How Similar are Cold Pools in the Tropics and Midlatitudes?	LEAH GRANT
18:30	Impact of Cold Pools on the Intermittence of Precipitation in a General Circulation Model	MAXIME JULIEN COLIN
18:45	Coffee Break	
19:15	Cold pools in realistic cloud-resolving simulations, and confrontation to idealized cold pool models	NICOLAS ROCHETIN
19:30	Organization of deep convection into squall lines: observations, storm resolving simulations and parameterization in a global climate model.	MALEK SEGUENI
19:45	Evaluation of deep convection and cold pool representation in MONAN for simulating a major agricultural Haboob in Southeast Brazil	NILTON ROSARIO
20:00	Discussion Panel
