WCO5 - 5th Workshop on Convective Organization | (smr 4191)

Thursday 12 March 2026

Waves - (13:00-17:30)

time	title	presenter
13:00	Tropical Wave-Moisture Interactions	ANGEL ADAMES
13:30	Convectively Coupled Equatorial Waves in Machine-Learning-Based Weather Predictions	JULIANA DIAS
14:00	Coffee Break	
14:30	Moist Thermodynamics of Tropical Waves	VICTOR MAYTA
15:00	Improving the fidelity of climate models via stochastic parameterization of organized convection	BOUALEM KHOUIDER
15:30	Energetics of Southern African Monsoon Onset	FRANCESCA ALICE MORRIS
15:45	Causes of Aggregation and Disaggregation in reanalysis	LARISSA ELISABETH BACK
16:00	Deep Learning the Sources of MJO Predictability: A Spectral View of Learned Features	YANG, Da
16:15	Closing	
16:30	Lunch Break
