

Magnetism of bi-layers of the Ising triangular lattice AFM $\text{K}_2\text{Co}_2(\text{SeO}_3)_3$

Friday, 17 July 2026 10:00 (0:45)

Content

Summary

Presenter(s) : COLLIN BROHOLM (Johns Hopkins University, Dept. of Physics & Astronomy, USA)

Session Classification : Theme: Frustrated magnetism, triangular-lattice physics, and pyrochlore materials
