ID: 956 6691 2498

PSW: 506794

PROGRAMME

- | | |
|----------------------|--|
| 14:00 - 14:10 | Opening: ICTP (R. Kaiser), Trieste Univ (R. Longo), Slavik Tabakov (Ext Advisor)
Moderator Renato Padovani |
| 14:10 – 14:20 | ICTP’s MMP Alumni Association meets the Italian celebration of the IDMP in Agrigento
Speaker: Renato Padovani |
| 14:20 - 14:35 | Medical Physics and Emerging Technologies: Shaping the Next Decade
Speaker: Chris Trauernicht |
| 14:35 - 14:50 | MammoWave Imaging
Speaker: Mara Severgnini |
| 14:50 – 15:00 | Emerging Technologies, Enduring Responsibilities: My Journey in Radiological Commissioning, Protection and Medical Physics Education in Guyana
Speaker: Javin Luke |
| 15:00 – 15:10 | Multicentric plan quality enhancement in case of left breast cancer
Speaker: Farah Ben Hammouda |
| 15:10 – 15:20 | A radiation protection emerging technology
Speaker: Michele Signoriello |
| 15:20 – 15:30 | ICTP medical physics calendar 2026
Speaker: Marco Esposito |
| 15:30 – 15:35 | Closing remarks by Renato Padovani |
