PROF. PERVEZ HOODBHOY

Pakistani nuclear physicist and prominent activist, in particular concerned with promotion of freedom of speech, secularism, scientific temper and education in Pakistan. Graduated from MIT and taught physics at Quaid-e-Azam University for over 40 years. Won the Abdus Salam Prize for Mathematics, and was visiting professor at MIT, Carnegie Mellon University, and University of Maryland.

Winner of **UNESCO's Kalinga Prize for the popularization of science**, and included in the **100 most influential global thinkers list** by Foreign Policy magazine.
