THAILAND GRAVITY & COSMOLOGY SEMINAR SERIES

Thailand Gravity and Cosmology seminar series fosters collaboration and research advancement in Thailand by uniting experts and students to discuss general relativity, quantum gravity, and the universe's evolution. By exploring dark matter and dark energy, the series strengthens international ties and inspires innovative research. Ultimately, these seminars aim to cultivate a dynamic environment for academic excellence, supporting the growth of a premier hub for scientific discovery and establishing Thailand as a leader in the field of gravity and cosmology.

SCHEDULE

FREQUENCY: EVERY FIRST THURSDAY OF THE MONTH.

PERIOD: MARCH 2026 – FEBRUARY 2027.

TOTAL SESSIONS: 12 SEMINAR SLOTS.

TIME: 4:00 PM - 5:00 PM (ICT, GMT+7)

VANUE: ONLINE

Organisers:

Nandan Roy

(CTPNP, Mahidol University)

Chakkrit Kaeonikhom
